II-III Mixture	Tremolo	16' Fagott
8' Fagott		8' Fagott
4' Schalmey		4' Fagott

This organ has nine basic registers, plus the additional ranks of the independent mixture. These registers, when used together, form a moderate sized straight organ chorus.

Since the auditorium is used for many other activities, in addition to musical programs, both organ and console are mounted on separate platforms with rollers. These platforms make it possible to locate the console and organ anywhere on the stage, or they can be moved completely off the stage.
